

Behind every record, there are years of intensive training and the athlete's desire to produce excellent performances. Behind the result, there is profound know-how and the high precision of Swiss Timing's state-of-the-art technology.

If you have a special interest in technology and you want to participate in the future development of high level sport...we are looking for you!

Globally active, our company is constantly seeking for employees determined to progress and work in a highly innovative environment.

For our Leipzig office and in close cooperation with our colleagues from our parent company SWISS TIMING located in Switzerland, we are looking for a

Team Leader Software Test Lab (m/f)

General tasks:

- Test management: Lead, coach, and develop testing team testers
- Planning of test campaigns and active participation in functional tests, integration tests, E2E tests, and acceptance tests
- Monitor the processes in the lab as a Scrum master
- Coordination with department managers and project managers
- Review of software requirements and use cases
- Documentation of results and reporting

Skills required:

- Diploma or master in computer science (or equivalent)
- Very good spoken and written skills in both English and German
- At least 5 years of professional experience in testing
- Practical experience leading and participating in Software Testing projects and the various test cycles

**Desirable skills:**

- ISTQB Foundation Level Certification
- Scrum Master Certification
- Knowledge of Team Foundation Server (TFS) and Microsoft Test Manager
- French is a plus

You are a team player with distinct communication and conflict management skills? You have an independent and responsible way of working? You are looking for a broad range of responsibilities with a long-term perspective?

Look forward to:

- A young, dynamic team
- Challenging tasks in an international environment
- Contribution and implementation of new concepts and ideas
- Travels to international sport events (max. 10%)
- A permanent contract
- Overtime compensation

Did we catch your attention?

We are looking forward to your application at human-resources@st-sportservice.com. Please also include your desired salary and the earliest possible start date. Since we work in an international context, we ask you to submit the application documents and the motivation letter in English.

For more information visit our homepage at www.swisstiming.com.

We will treat your application documents in accordance with the legal requirements for data protection.
